### Anti-Glare Display

Featuring an ultra-narrow bezel and an anti-glare screen, this 86" display ensures an immersive viewing experience from any angle, with a wide 178 degree viewing angle that provides consistent color and clarity. The display is equipped with multiple inputs, including HDMI and audio ports, offering versatile connectivity options for all your devices. Perfect for classrooms, boardrooms, or any collaborative environment, this display delivers sharp, vibrant images that captivate and engage.

### Optional HD Camera

Elevate your remote meetings with our optional camera, specifically designed to complement the Smart Interactive Display. With an impressive 8MP resolution and a wide 112-degree field of view, this camera captures everyone in the room with stunning clarity. Whether you're hosting a virtual conference or conducting a training session, the camera ensures that every participant can engage fully, making remote collaboration seamless and efficient.

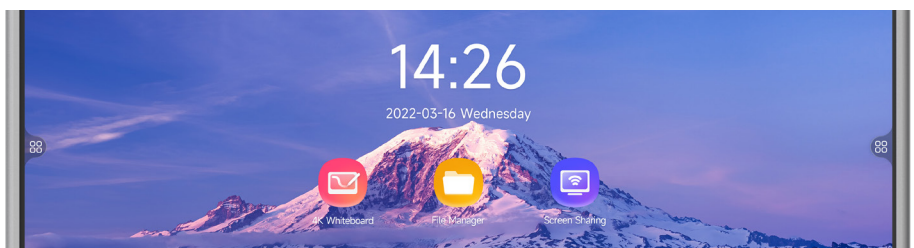

### Interactive Whiteboard

Our Smart Interactive Display's whiteboard feature is designed to bring your ideas to life effortlessly. Thanks to zero bonding technology between the LCD panel and glass, you can enjoy a writing experience that feels as natural as pen and paper. The smooth, responsive surface supports 20-point multi-touch, allowing multiple users to collaborate simultaneously with precision and ease. Whether you're brainstorming in a team meeting or teaching a class, our display ensures that every stroke is clear and accurate.

### Wi-Fi, Bluetooth & Android OS

The Smart Interactive Display runs on an Android operating system, providing a familiar and intuitive interface similar to your mobile phone. With Bluetooth capability, you can effortlessly mirror screens from Android, iOS, and Windows devices, enabling seamless presentations and sharing. The integrated WiFi modules, complete with hotspot support, ensure robust connectivity for all your online needs. Plus, enjoy the convenience of fast file transfer, making it easy to share and access content quickly and efficiently.
